Profile

As a junior web developer, I'm taking my first steps into the exciting world of web development. I'm committed to honing my skills, learning from my peers and engaging in new experiences.

Professional Experience

07-2023 – 08-2023 Tetouan, Morocco	**Intern,** *Devinweb* 🔗 During this internship, my mission was to develop a customized quotation calculation function within ERPNext.
03-2023 – 03-2023 Tetouan, Morocco	**Intern,** *IKER.MA* 🔗 I collaborated with a colleague on a school management web application, designing an intuitive and functional interface. This experience strengthened my ability to collaborate, solve problems and achieve common goals.
02-2023 Rabat, Morocco	**Competition participant,** *ENSIAS IT club* I took part in DevJam with three teammates. We developed a web application for questions and answers on various subjects, with a user-friendly interface for exchanging knowledge.
